[REDACTED]

Subject: Record of the closure of the proceeding following an amicable resolution according to the Guidelines 06/2022 of the European Data Protection Board

1. On 7 February 2021, the complainant [REDACTED] lodged a complaint with the Austrian Data Protection Authority against [REDACTED] (respondent), established in the Netherlands, alleging an infringement of the right to access due the fact that the respondent did not respond to his request of 6 January 2021 to that effect.
2. The Dutch Supervisory Authority declared itself as the lead supervisory authority, conducted an investigation and informed the Austrian Data Protection Authority that the respondent has now provided the requested information.
3. The complainant was informed about the result of the investigation, together with the information provided by the respondent, by letter from the Austrian Data Protection Authority dated 24 July 2024, and he was informed that his complaint would be considered as amicably resolved if he will not oppose this within the right to be heard.
4. As the complainant did not react within the right to be heard anymore, the Dutch Supervisory Authority adopted a draft decision and proposed to close the present proceeding. The draft decision has not been objected by the concerned supervisory authorities and thus became binding.
5. For this reason, the present proceeding was to be closed informally and the Austrian Data Protection Authority hereby brings this to your knowledge.
